

Products & Manufacturers Proudly Represented

AMERICAN WHEATLEY
Hydronic HVAC products, including tanks, valves, air separators, and heat exchangers.

AXIOM INDUSTRIES
Glycol and system feeders, chemical bypass feeders, condensate neutralizers and pumps, demineralizers, boiler treatment chemicals, and other specialty hydronic products.

DIVERSIFIED HEAT TRANSFER
Commercial instantaneous & semi-instantaneous water heaters, heat exchangers, and tankless coils, as well as HVAC coils and replacement tube bundles.

ECOM
Industry leading combustion, flue gas and emission analyzers.

ENERVEX
Mechanical draft and venting solutions - chimney fans, power venters, integrated chimney systems, heat recovery units, modulating draft controls & dampers, chimney & grease ducts, & controls for commercial & industrial exhaust applications.

*not available in NY

GRUNDFOS
Full range of hydronic circulators and pumps, hot water recirculation pumps, and booster pumps.

JOHNSTON BOILER COMPANY
Scotch Marine firetube boilers (including the world's largest models), water-backed boilers, burners, deaerators, boiler feed systems, surge tanks, condensate return systems, and blowdown heat recovery systems.

Lockwood Products

LOCKWOOD PRODUCTS
Blowdown separators, surge tanks, boiler feed systems, deaerators, and condensate return systems.

PEERLESS BOILERS
Hot Water & Steam Power Fired & Atmospheric Cast Iron Boilers. (9.7-176HP)

RIELLO
World leader in gas, oil, and dual-fuel burners, as well as condensing boilers from 210,000 to 12,000,000 BTU for commercial, industrial, and process applications.

SIEMENS
Combustion Controls, Plant Master Controls & Linkageless Burner Management Systems.

STERLCO
Boiler feed and condensate packages, valves, traps, strainers, and pumps for steam and hot water systems.

THERMAL CARE
Portable & packaged chillers, central chillers, cooling towers, adiabatic fluid coolers, temperature controllers, pumping systems, and custom process cooling solutions.

UNILUX
High-efficiency watertube boilers— hot water, low-pressure steam, high-pressure steam, and large-scale industrial models—firetube boilers, replacement tubes, tanks, and custom-engineered boiler room solutions.

VICTORY ENERGY BOILERS
High-performance, cost-effective boilers and mobile boiler rental solutions designed to meet the diverse steam requirements of utility, institutional, and industrial applications.

YANMAR
Generators and micro CHP systems for reliable power generation and cogeneration.

Factory Trained Technicians & Experienced Sales Staff

Continued to Back

Service Parts & Boiler Room Accessories We Supply

- ◆ Combustion controls
 - ◆ Surge tanks & deaerators
 - ◆ Steam condensate & boiler feed pumps
 - ◆ Duct coils for DX, hot & chilled water systems
 - ◆ Specialty piping components & steam and hot water
 - ◆ Repair parts & rebuild kits for most major pump manufacturers
- ◆ Steam traps
 - ◆ Industrial valves & fittings
 - ◆ Burner service & repair parts
 - ◆ Heat-exchangers & tube bundles
 - ◆ Domestic water heating systems
 - ◆ Booster, sump, sewage & grinder pumps & basins

We Offer Solutions That Keep You Running

Engineered Equipment Packages

We provide full mechanical room packages with stamped engineered drawings for code compliance and peace of mind.

Pump & Steam Trap Surveys

Our reporting gives facilities a roadmap to reduced energy consumption and improved system longevity.

Thermography & System Surveys

Using advanced infrared thermography, we identify hidden issues in your steam & hot water systems.

Consulting on Steam & Hot Water

If you need to troubleshoot pressure problems, plan a replacement, or need training, we'll guide you to reliable outcomes.

Pump Rebuilding & Kits

We service most major pump brands and help facilities reduce downtime while staying within budget.

Onsite Boiler Room Training

A wide variety of boiler safety, maintenance, and system design training for facilities teams, owners, and educators.

Onsite Boiler/Burner Equipment Training Available for Maintenance Staff

Now Offering ASME Boiler Repairs, Vessel & Power Piping Fabrication
